What did you like most about the MUN project meeting in Kaunas?

The fact that it brought together people from different cultures who did not know each other in doing a job

Organization is perfect

the weather of Kaunas

The chatting with other students

I loved meeting with new people and the hostility of Lithuanians. The MUN committee didn't go as well as I hoped.

our agenda represents a huge role in today's world, i think our agenda was really good, and the experience of the board was pretty good everyone learnt how to do MUN's in those sessions.

the weather and the Lithuanian student's intelligence

The fantastic people I met there and the activities, that were well-organized

Friendships born with boys from other countries

The professional organization of the meeting

Lovely atmosphere, great collaboration and hospitality, interesting activities and involvement in the commissions, good performances and talented students in all teams.

What I liked the most about the MUN Project meeting in Kaunas is the accuracy with which the meetings have been held.

people

Friendly ,hard-working and kind Teachers and students.Their hospitality is great

The excellent organization , the trip to Vilnius and the dinners together

The organisation of the event, the preparation and enthusiasm of the students

The people and the culture.

The breaks

meet many people my age with whom I have been able to enjoy every day with many laughs

Like all the students we were very close and the people in Lithuania

The people

The warm and friendly welcome from the Lithuanian team, who did everything to make the meeting a success. We feel at home.

I liked the schedules at the end of the meetings and the welcoming of the people of Kauna

Everything

What, if anything, did you dislike about the event?

Nothing

The room was big and the voice was too dispersed

Not actually

The time we had was very short. We needed at least 4 more sessions.

Maybe the museums

There were too many sessions in a single day, I would've preferred if they were distributed better in some days

I didn't dislike anything, apart the cold, sometimes

Actually, nothing!

cold

Nothing!

Nothing

nothing the truth is that everything was pretty good

6 hours of the committee is too much, after the 4 hours starts to be unpleasant and boring for all the students

nothing

Is there anything else you would like us to know?^{15 responses}

No

Thanks

.

no thank you

the architecture was amazing

It was so releasing, to be back to normality, even though some restrictions were still necessary! Many compliments to the Lithuanian team

All arrangements were perfect!

no

Last evening dining should have been organized

Yes, miss you all

Please do another one the next year

Yes, being able to help students who are not very easy to speak
