It was a magnificent project. I had a lot of great memories and awesome friendships while the Erasmus+ KA229 project on going. And I am pretty sure that all of my partners felt the same with me. Beside socializing and having cultural trips, It was very academically nourishing and improving project. And the Model United Nations (MUN) conferences that we had, really improved my self-confidence and communications with other people. Thanks to European Union and my teacher for this great opportunity

It took us only 1 hour to become best friends. They have been the best guides I have ever met. We had so much collaboration in sessions and so much fun in breaks. I feel like this was one of the best weeks of my life thanks to you guys. I love you so much
